Apex Stool

Both stylish and comfortable, the Apex Stool is a timeless Polish design that can add a touch of class to your business. The unique triangular shape gives it visual interest while adding a surprising strength and durability.

Made from European Beech, it can be stained or painted in any colour, with the option to add a seat pad upholstered in any fabric. Paired with a customisable steel footrest powder coated in a colour of your choice. This makes the Apex Stool a design chameleon, changing its look to fit in with its surroundings.
